

- 
- Architectural elevation drawing of a building facade. The structure features a gabled roof with a peak elevation of +8.42. The roof slopes are marked with elevations of +4.26 at the eaves and +3.72 at the gutters. The main wall is textured with a brick pattern. A central arched window is positioned at an elevation of +3.22, with a height dimension of 160. Below the window is a large, dark rectangular feature, possibly a door or a large window, with a height dimension of 322 and a top elevation of +2.25. The ground level is marked as ±0.00. On the right side, there is a small rectangular feature at an elevation of +2.79 and a further elevation marker of +2.30. The drawing includes section line markers '1' and '1' indicating a cross-section through the building.
